FRIDAY, JUNE 28, 1889.

After a long and tedious journey by land and water, the Honorable, the Lieutenant-Governor, arrived from the west this week, looking none the worse for the hardships incidental to travel on the Saskatchewan and exposure to the weather. We extend our welcome to his Honor on this his first visit to our town and district, and we express the hope that it will not be the last. His object in making this tour of the Territories is to get acquainted with the people and with the country, so that he will be able more intelligently to deal with matters which will from time to time arise in the course of his official duties. We are in a position to say that the Governor is highly pleased with the reception given him by Prince Albert, and is delighted with our town and surrounding country. He met many old friends in Prince Albert, and will go away leaving behind him a host of new ones. His visit will long be remembered by us, and will, we have no doubt, be beneficial to this part of the Territories. He will go back to Regina and will carry to the Government at Ottawa a fund of useful knowledge of the country, gathered from actual observation and contact with the people, which will be of immense value to himself and the Government, and which we believe it is his wish and intention to make use of to our advantage. When Mr. Royal leaves here, he will carry with him the best wishes of every one in the place, and we know that he will not soon forget the warm reception and kind treatment which he received at the hands of our citizens.

It has been brought to our notice that duck and other eggs are taken in large uumbers by the Indians for food, and it is stated that the Indians commit these depredations with the approval and sanction of the Government agents and other officials who are over them. While the Ordinance for the Protection of Game does not prohibit Indians at any time of the year from killing game for their own use only, they are by section 4 of the Ordinance placed in exactly the same position as white men as regards the taking of eggs. Section 4 reads thus, "No person shall at any time disturb, injure, gather or take the eggs of any species of wild fowl." There should be more game guardians appointed in this District, and every person violating the provisions of the Game Law should be prosecuted and punished to the full extent that the law will allow. If the game is not protected now, we will soon have none. We have been told that when Indians go to their agents for victuals, the agents tell them to go and gather eggs. We are unwilling to believe that such is the case; but, if it is, those agents should be taught a lesson that they will not soon forget. The Indian is treated very liberally when he is allowed to take game during the close season, and he should be satisfied with that privilege. The Government, moreover, provides sufficient food for the Indians, and the least the officials can do is to deal it out, and thus try to prevent those under them from violating the law and destroying our game birds, which are even now fast becoming scarce.

SPORTS.

Wednesday last being the day proclaimed by his Worship the Mayor as a civic holidry for the public reception of His Honor Lieut.-Governor Royal, the Reception Committee had set apart a sum of money for the general sports, and in the afternoon the several games and sports were contested. The baseball, football and horse races were contested within a few hundred yards of the other, so that when a person got tired of one he or she might step over to the other. His Honor and party visited the grounds about 3 o'clock and took a great interest in the sports. Owing to our limited space we cannot give as detailed account as the merits of the different sports would warrant.

HORSE RACES.

The horse races were well contested throughout, the horses being very evenly matched. Mr. Geo. Russell was mainly instrumental in getting up these races and to him is due the credit of their being carried successfully through.

The first race was half mile; best two in three heats; the first horse to get $10; second, $8; third, $3. Six entries. R. Millar's Spot, 1st; Graham Neilson's Pussy, 2nd; Wm. Louck's Johnny, 3rd.

Second race—Quarter-mile; best two in three heats. First horse, $8; second, $5; third, $2. Five entries. Geo. McKay's Sam, 1st; Geo. Pocha's Bob, 2nd; G. Neilson's Pussy 3rd.

Sweekstake—Half-mile dash. First, $8; second, $2. Four entries. Geo. McKay's Sam, 1st; R. Miller's Spot, 2nd.

Starters—Thos. T. Hourie and George Neilson. Judges—J. W. Hurd and R. S. Cook.

BASEBALL.

The baseball match was played between the P. A. Baseball Club and the Colleston Club, and resulted in a victory for the former by 13 runs. The Colleston Club is only a young organization and the members have had little practice, but some of them deserve great credit for the manner in which they handle the sphere, they are Jim and Jack Moffatt, Fred McFadden and Bob Morton. Perhaps the most noticable feature of the game was the persistent kicking of the town club, and it is to be hoped in future that players and outsiders will abide by the umpire's decision. Harry Porter and J. McKenzie kept the score.

FOOTBALL.

The football match created quite a bit of excitement, as the clubs competing were old rivals hailing from St. Catherines and Lindsay settlements, and was won by the former by three goals to their opponents none. The game was well contested throughout, and some good play was made by members of both clubs.

CRICKET.

A scratch match at cricket was arranged between the Police and the P. A. C. Club owing to a number of the Police being on duty on account of the visit of His Honor. In the match that was played the Police were ahead with a score of 67 against 43. The match for the prize will be played on Monday.

The Governor's Visit.

A ROYAL WELCOME.

Public Reception of His Honor — The Procession — Presentation of Addresses — Visit to the Sports — Drive Around Town.

When a short time ago it became definitely known that his Honor the Lieut.-Governor was to make an official visit to Prince Albert, steps were immediately taken by the citizens towards giving him a public reception. A public meeting was called by the Mayor, at which the following gentlemen were appointed a citizen's committee to make all necessary arrangements: — His Worship Mayor Knowles, chairman; G.C. MacLeod, sec.; Messrs. T. McKay, J. F. Betts, M.L.A., T. N. Campbell, Rev. Dr. Jardine, Dr. Bain, Coun. Donaldson, Coun. Woodman, R. Ouellet, C. Mair, Hon. L. Clarke, Rev. Dr. Mackay, J. R. McPhail, T. E. Baker, Coun. Mair and J. Stewart, and the result shows the most efficient manner in which the committee discharged their duties. Besides the above committee, which had the general direction of the reception in charge, each of the various local organizations of a public nature took part in the programme and gave all the assistance they could. As his Honor was expected to remain here three or four days, the following programme was arranged. First day — Presentation of address by the mayor and council of the Town of Prince Albert and by any other bodies desiring to do so; in the afternoon a drive around town and witness the games and sports, and a banquet in the evening. Second day—Visiting the public schools and other educational institutions in town, and in the evening the Citizen's Ball. Third day—Visit to Colleston and Red Deer Hill settlements and in the evening a reception given by the officers and members of the Saskatchewan Institute.

His Honor was expected to have arrived on Tuesday evening and flags were floating in the breeze from every available mast in town and a good deal of disappointment was felt when night drew her sable cloak over the scene without bringing the expected guest. However it transpired that the delay was occasioned by the high winds which prevailed the day before. And at an early hour on Wednesday the entire population of the Town was on the *qui vive* and every eye strained up stream to catch a first glimpse of the governor's boat, and when at ten o'clock the boat was sighted rounding the island, a mile to the westward, there was a general movement of citizens to the point of landing, where the Town Council and Reception Committee were waiting to receive His Honor.

The gubernatorial party were met by Messrs. Plaxton and Betts, M's L. A., and escorted up the bank where they were received by the mayor. Three enthusiastic cheers were given as His Honor stepped up the bank. After the reception committee was presented to the Governor the party entered their carriages and were escorted to the club where Mr. Ouellet had kindly furnished a suite of rooms and placed them at the disposal of the committee for the use of the Governor and party.

At noon a procession was formed on the Church square, the order of which was as follows:—

P. A. C. Band.
F Division, N. W. M. P., under command of Supt. Perry.
Mayor and Council.
Reception Committee.
Representatives of the Board of Trade.
Lorne Agricultural Society.
Citizens on foot and driving, consisting altogether of about 500 people.

The procession, headed by the band, marched down Church street, thence west along River St. to the Government Road was reached, when it turned up that road to His Honor's residence. As the procession arrived at the club the Governor appeared on the steps and was greeted with tremendous cheering. When the cheering subsided Mr. Stull, the Town Clerk stepped forward and read the following address:—

ADDRESS.

To His Honor the Hon. J. Royal, Lieut.-Governor N.W.T.

SIR,—

We, the undersigned Mayor and Corporation of the Town of Prince Albert, desire most respectfully to congratulate you upon this, your first visit to our town and region. In welcoming you in the most sincere and cordial manner, the opportunity is given us of thanking you in your person for the interest in our conditions and prospects which has induced your visit. We have all ample knowledge of your Honor's long connection with public affairs in the Province of Manitoba. We are aware that during twenty years your Honor not only represented that Province in her local Legislature, but in the Commons of Canada. You have been instrumental in promoting her interests and in pressing her claims upon the Dominion for assistance in the development of her resources, without which material progress is almost impossible in a new country. We refer, therefore, with peculiar interest to your long experience in Manitoba, inasmuch as the conditions of that Province and this great District, in respect of situation, soil and climate, are very similar and their needs identical. The factors of development which have proved to be necessary there are equally so here, and hence we feel satisfied that the experience you have gained in that Province is a matter of great moment to the Territories. In referring to these material matters, we can point with pride to our beautiful place and well built town, the parent—no doubt—of a fine city; to its situation on the banks of a great river; to its insertion in the heart of a magnificent wheat growing country; and to its educational advantages, superior even now to those of any town west of Winnipeg. We can point to a climate free from the blizzard and cyclone, and suited to our people; to a region abundantly supplied with water, hay and timber; to great lakes near at hand, and swarming with valuable fish. We can point as well to a region already settled, full of material wealth, yet denied a market—all of which is indication of what might be and what will be when the principle of development is applied to this region. Turning from our material to our social condition, we feel confident that your Honor will be highly gratified at the good accord which exists throughout this community. We are not all of the same origin and faith, but we all appreciate in you a representative man of one of the two races which are united in the building up of a common country and in the perpetuation of British liberty on this continent.

In conclusion, we again thank your Honor for your kind and considerate visit.

May God's goodness surround you and your family and promote and bless all your efforts in the furtherance of the great and fundamental interests committed to your charge.

Signed on behalf of the Town.

J. KNOWLES, Mayor
J. F. A. STULL, Town Clerk.

To which his Honor made the following reply:—

REPLY.

Mr. Mayor and Gentlemen of the Corporation of Prince Albert:

You have reason to congratulate yourselves upon the vast material resources which this district of the Northwest Territories offers to the energy and enterprise of the immigrant. The Valley of the Saskatchewan contains happy and prosperous homes for millions of people; it is destined by Providence to become the wheat and beef market of the world. I fully agree with you when you point with pride to your beautiful place and well built town, the parent no doubt of a fine city; to its situation on the bank of a beautiful river; to its insertion in the heart of a magnificent wheat growing country, and to its educational advantages, superior even now to those of any town west of Winnipeg. You enjoy a climate free from the blizzards and cyclones of the country south of us; your region is abundantly supplied with water, hay and timber, and the great lakes near at hand are swarming with fish; your particular district is in fact full of material wealth, to which the construction of railways at an early date—so at least I understand—will give a long desired market and a wonderful development. Our country only wants to be known to become a great and irresistible attraction to all those in Europe and Eastern Canada who wish to make for themselves and their families an independent and enviable position. If such was my opinion before I visited the extraordinary rich country of the North Saskatchewan, I need not say that I am now more confirmed than ever in that conviction. You have reason, Mr. Mayor and gentlemen, to believe that the happy social and truly liberal political condition of your region, as well as that of the other districts in the Northwest Territories, is a matter of congratulation to any one who dearly loves his country; nay, it is another and no less powerful attraction to the immigrant in search of a promising and happy homestead. Let dissension and discord be the exclusive monopoly of those over-crowded countries, the physical wealth of which is insufficient to absorb the mental and physical activity of a dense population. Our Territories, although immense, have no room for such sterile and dangerous struggles.

Mr. Mayor and gentlemen, let me thank you most cordially for your very loyal welcome. Your kind reference to my long connection with the development of the first province of the prairie is, I am bold to say, a guarantee that in the discharge of the important duties of my office, I shall spare no time nor pain to work in accord with you all in laying the foundation of the social, political and material prosperity of the Northwest Territories.

J. ROYAL,
Lieut.-Governor
Northwest Territories.

Mr. J. Stewart, acting secretary of the Lorne Agricultural Society, next read the following address:—

To the Hon. Joseph Royal, Lieut.-Governor of the N. W. T.

SIR,—

The Lorne Agricultural Society cannot allow this, the first visit of your Honor to the Prince Albert District, to take place without extending a most cordial welcome to yourself and party.

Mahaffey & Clinkskill, Battleford, Sask

We rejoice to be able to welcome your Honor to this the most fertile portion of our great Dominion, which is destined in the near future to be one of the great grain producing provinces of the world.

Owing to the immense territory under your jurisdiction, and the widely scattered settlements having very averse interests, we can readily appreciate the fact that your position of Lieut.-Governor is not a sinecure. Under these circumstances, the position you occupy must of necessity be a peculiarly irksome one, but we feel that your Honor is in every way qualified to surmount every difficulty that may arise.

We are happy to be able to inform your Honor that the prospects of a bountiful harvest this season are exceedingly good. Not only is this District adapted for agricultural pursuits, but it is admirably suited for mixed farming.

You will be able from this visit to judge of the many natuaal advantages which it offers for a field of settlement; you will be able to note the richness of the soil, the abundance and purity of water and the immense quantities of good timber which it contains within easy reach of every settler. We have numerous large lakes within easy distance of this town, which abound with fish of excellent quality and we believe the district also contains a vast store of minerals which some day will be brought to light and prove a source of wealth to Canada.

We are sure that your Honor will be highly gratified to notice the many evidences of our prosperity which will meet your eye. We need not point out to you that our prosperity has been very much retarded by the great disadvantage under which we labor, of being so far removed from the markets of the world.

A railway to this district is essential to the developement of its resources and to give our farmers a market for their surplus produce as well as to induce immigration. We have for years been asking the Government of Canada to extend a railway in this direction and we are happy to say that we now have good hopes of securing the desired boon at an early date.

We are well aware of your long and valuable services to Manitoba, both as a member of the Legislature of that Province and as a member of the Federal Parliament, and the great interest that you have for years manifested in the development and prosperity of these Territories is also well known to us; and we have the greatest pleasure in extending to you this welcome knowing, as we do, that since becoming our governor your whole policy has been one of progress, and directed to the furtherance of the best interests of our country and the people over whom you so worthily exercise authority.

We feel confident that your present visit to this district will prove of great advantage to yourself, and through you to us, as you will be enabled to see, and learn from personal observation and contact with the people, our manifold resources, and our requirements.

In conclusion, we again welcome you to our settlement and thank you most sincerely for this your first visit. We trust that your administration may be blessed with success and that much good may result to the country therefrom.

Signed on behalf of the Lorne Agricultural Society by

A. SPENCE, Vice-Pres.
JOHN STEWART, Act. Sec.

Ehe Hon. L. Clarke, President P. A. Board of Trade, then read an address from that body.

To the Hon. Joseph Royal, Lieutenant-Governor of the Northwest Territories.

SIR,—

The Prince Albert Board of Trade representing the commercial interests of the district, heartily welcome you to the Town of Prince Albert. We are sure that you will be very greatly pleased and gratified at the great progress that we, through our individual exertions, have made in building up our town, owing to the community of feeling between the mercenants and the rural population.

We have the utmost faith in the future of our district, if we receive the same encouragement from the Government of Canada as other territorial towns have been granted, that is, speedy communication with the older provinces. We have now to face the fact that we have outgrown our staength. We have no market for our produce and industries, and our laboring classes are without employment and depend to a very great extent upon Government aid for their subsistence. We therefore look upon your visit at the present moment as providential, having the utmost confidence that your large experience, and in representing as you do the material progress of the country, that you will use every effort by influencing the Federal Government to speedily come to our assistance and we declare that unless this aid is granted we must, as a community cease to exist.

L. CLARKE, Pres.
J. KNOWLES, Sec.

The following address was read by Capt. Craig from the farmers of St. Catherines and Lindsay settlements.

To the Hon. Joseph Royal, Lieutenant-Governor of the N. W. T.

SIR,—

We, the farmers of St. Catherines and Lindsay, cordially join in the loyal reception which is everywhere being accorded you on this your first official visit to our section of the Saskatchewan country.

During the regime of your predecessor in office our district suffered from a succession of adverse seasons, as well as from troubles of a different nature, which, added to the increasing hardships resulting from our state of isolation, had seriously affected the agricultural interests of this locality.

We are glad, however, we can bid you welcome at a time when our prospects are brightening and may soon be expected to show decided symptoms of recovery from the long period of depression and gloom.

On the present auspicious occasion we have no list of grievances to present to you. Peace reigns within our borders. Recent seasons should be normal and therefore favorable. The growing crop is promising. And after many bitter disappointments, the advent of railway accomodation seems at last within our reach, and we now look forward with some hope and confidence to the return of a measure of prosperity.

You will agree with us that farming is and must long be the mainstay of this country and the fuller opportunities you have of viewing the country in and around the settlement of Prince Albert and the Saskaschewan Valley in general, you will the more readily understand our confidence in its capabilities, and our faith in its future progress, and ultimate success as a farming district of the first rank.

As practical men having only practical objects and ends before us, we have no fanciful views to advance and we do not expect any unusually favorable treatment at the hands of the Government. All we require is "a fair field and no favor," and were we once in actual possession of railway facilities, the crying want and vital necessity of the hour will have been satisfied, and the chill disability that has so long cramped our energies been removed. A growing country, however has many growing requirements which demand the close attention of those in power. We feel certain that such requirements as they arise will, under your watchful care, be wisely dealt with until such time as we shall receive that fuller measure of self-government which the material progress of the country will justify us in expecting.

We augur much good from your progress throughout the Territories and we rejoice at having this opportunity of assuring you of our utmost respect and esteem, and of expressing our sense of the judicious, thorough and dignified manner in which, as the representative of the Government of Canada and of our gracious Queen, you perform the functions of your high office; your personal fitness and ample experience exceptionally qualifying you to discharge these functions with honor to yourself and advantage to the whole community.

We offer our best wishes for your continued success in administering the affairs of this great country, in furthering the development of its vast resources and in promoting the moral and material well-being of its people, which high aims, we are well assured, you have sincerely at heart.

On behalf of the farmers of St. Catherines and Lindsay,

We have the honor to be, Sir,
Your obedient servants,

WM. CRAIG,
THOS. MILLER,
T. A. RENNIE,
WM. MILLER,
and others.

REPLY.

In reply to the last three addresses the Governor said:

GENTLEMEN,—

I regret exceedingly that I have not been able to prepare written replies to the beautiful and gratifying addresses of welcome which have just been presented to me. I am, I must confess, at a loss for words to express my gratitude for and appreciation of the most cordial welcome that you have extended to me on the occasion of this my first visit to your beautiful town. I am exceedingly pleased to notice that you speak cheerfully of the present prosperity of your town and district and hopefully for the future. My earnest wish is that your hopes may be realized. As I have stated on previous occasions the object of my present visit is to get acquainted with the people and to ascertain their requirements and condition, as you state in your addresses I have been a long time identified with the Northwest, especially in the Province of Manitoba. I have taken a deep interest in these Territories and you can rest assured that now occupying the position that I do my whole aim will be to further in every way that I can their prosperity and developement. I sympathize with you in your efforts to secure railway facilities to this most wonderful and productive district and I am happy to hear from you that your efforts in that direction are likely to be crowned with success in the near future. I can assure you that the Dominion Government is fully alive to the necessity of developing the Saskatchewan country and when I make a report of my experience, gained by this visit, to the Federal authorities, it will not be to your disadvantage.

I am glad to hear that you have good prospects of a bountiful harvest and I trust that before another harvest comes around you will be able to send your produce to eastern markets.

In conclusion, I will state that as soon as I have time I will give a written reply to each of your most cordial addresses, and in the meantime allow me to thank you for myself and companions for your kind words of welcome. I will not soon forget the hearty reception given to me by the people of Prince Albert."

After three cheers were given for His Honor a large number of citizens were introduced by Mayor Knowles, and when that part of the ceremony had been gone through with the assemblage dispersed.

The Governor went out where the Mounted Police, about forty in number, were drawn up, under command of Supt. Perry and Insps. Norman and Huot. The Division presented arms and was inspected by His Honor.

At 2 p.m. the Governor and party took lunch with Mr. Betts, M.L.A., and afterwards was driven around town and visited the grounds where sports of various kinds were in progress.

We omitted to mention that His Worship had proclaimed the day a civic holiday and in consequence all places of business were closed and the day given up to amusements.

A number of the stores were decorated, those of Messrs. Fish and McLellan being very tastefully fitted up with banting, flags, evergreens, etc.

The P. A. Baseball Club and the Colleston Club played a game of baseball which resulted in a victory for the town. The Police and civilians played a game of cricket in which the former were victors by 23 runs. Football, horse racing and other sports were indulged in, reports of which are given elsewhere.

At 8:30 a banquet was given to his Honor in McKay's Hall, but we are compelled to hold over a report of it until next week.

LONDON, June 24.—In the House of Lords to-day the prospects of an European was was freely discussed, and the attention of the Government was called to the serious danger to England that would result if the annexation of the Island of Crete were accomplished by one of the powers, as is reported to be in contemplation.
